Benefits of booking with us

- Think you know the advantages of booking online vs with a travel agency? Think again! Even if you continue to book a holiday online there are some very important things to note from the below. Here are the top reasons to book with a travel agent that everyone should be aware of before they book a holiday
- Online you can often find great deals but you do have to be careful that the company that you book with has ATOL protection and that the company has been around for a while. If the company goes bust you will lose your holiday and the money you paid for it. Booking with a travel agency, especially one that has been around a while, knows the industry and they only deal with trusted suppliers. They will also have ATOL protection so if anything happens you are covered. If you do book your travel online, just do a quick check on the company you are booking with to make sure you are protected in case the worst should happen and that the reviews are at least 3.5 stars. The last thing you want is to turn up at the airport and have no flight
- You can pay in instalments
- Some online holiday deals sites do enable you to book with a deposit and pay the balance in instalments but you are usually restricted. For example, you have to book a package or you can only pay in instalments for hotels but not flights etc. With travel agencies you can book the flight you want and the hotel you want separately and pay in instalments for both – and for cruises too!
- You can speak to someone face to face
- If there is a problem or it's a complex booking you can come in and talk to someone face to face. If you prefer to speak on the phone you can always reach someone, there are no call centers so you can always speak to an expert. Whereas many online holiday companies don't even give out a phone number
-
- They do all the work so you save on time and money
